FOR IMMEDIATE RELEASE

Who: Waxahachie Firefighters' Association Local 3010

What: Endorsement for 2010 City Council Election

When: May 8th, 2010

Where: City of Waxahachie

The Waxahachie Firefighters' Association is proud to endorse the following candidates for positions on the Waxahachie City Council: Kevin Strength, John Wray, Alan Maples and Mark Singleton. While we believe these men will support the aims and goals of our members, more importantly we believe they will move the city in the right direction. We are facing challenges caused by the current economic conditions that must be addressed, not only now but also for the future. We wanted candidates who believe that change is only good if it serves the long-range goals of our city. In these men, we have found the type of forward thinking that will move Waxahachie into the next decade and beyond.
